

## Parking Information – Fall 2023

---

Please visit the NOVA Parking site at <https://www.nvcc.edu/parking> for more NOVA parking information.

**\*\*Parking enforcement in Student “B” lots begins at 6:00am on Friday, September 8<sup>th</sup>\*\***

**\*\*Parking is free in B lots after 3:45 p.m. on weekdays and at any time on the weekend\*\***

All permits are now virtual – your license plate acts as the permit. There is no more forgetting to hang your permit and no more waiting for your permit in the mail.

### Requesting semester-long parking permits:

If you would like a semester-long permit, please fill out the 105-066 Vehicle Registration Form to “register” your car. Since each vehicle's license plate is used as your parking permit, license plates must be registered accurately to avoid being issued a citation. These permits are valid in Staff Parking Lots (A lots). This permit is not valid at parking meters.

- 1) Fill in your name, address and information about your car.
- 2) Leave the EMPLID box empty and leave the check boxes empty.
- 3) Please return the form by email [interpreters@nvcc.edu](mailto:interpreters@nvcc.edu)

### Requesting short-term parking permits:

If you are subbing for a class and would like a short-term parking permit, please email [interpreters@nvcc.edu](mailto:interpreters@nvcc.edu) so we can start the process of issuing a temporary permit. Please know that it will take several days to get a temporary permit.

If you need to park on campus but **don't have time to request a temporary permit**, you may park in the visitor parking spots. Visitors may park at hourly parking meters or garages for \$2 per hour. All payment is now only accepted through the Passport Parking App. More information about the app and how to download it can be found here: <https://www.nvcc.edu/parking/docs/HourlyBundleFlyer.pdf>

### Special Campus/Center Instructions:

- 1) Medical Education Campus (Springfield/MEC): Faculty/Staff parking is only available on levels four and five of the parking garage. Parking on other floors may result in a ticket.
- 2) No parking permits are required to park at the Pitney Bowes building, the Reston center or Pender buildings.
- 3) Signal Hill: no parking permit required. However, you may only park in the yellow parking spots.

**You can contact NOVA Parking Customer Support at 703-323-3123 during business hours or at [parking@nvcc.edu](mailto:parking@nvcc.edu) for more information.**
